

COGNIBRAIN

- ▶ Pharmaceutical Research
- ▶ Medical Research
- ▶ Life Science Research

For hassle-free research works in a top-quality research lab across India...

Join the
CogniBrain

Don't have the lab facility to conduct your research work?

Our scientific experts analyze your research goals, requirements, budget and time to deliver reliable and satisfactory research outcomes at the rates that suit you.

What makes CogniBrain – the hub of research support?

CogniBrain is armed with numerous international and national research experts with experience in diverse domains in medical, pharmaceutical and life sciences.

We could aid you meet the standards of:

- Original Research @ National and International Journals
- Doctoral Thesis/ Dissertation @ Indian Universities
- Research Grant @ UGC/ CSIR/ ICMR/ DBT/ DST/ AICTE
- Collaborative Research @ Research Organizations
- Funded Project @ International Research Institutes.

How do we support wide range of research works?

- ❖ CogniBrain has experts in almost every field of medical, pharmaceutical and allied health/ life sciences.
- ❖ Our experts have adequate acquaintance with most of the conventional and latest research techniques.
- ❖ With an uncompromised care and necessary sophistication, we could perform and deliver your research works to dig out perfect results in a timed manner.
- ❖ Besides, we follow ethical standards equivalent to Good Laboratory Practice to obtain flawless outcomes.

Pre-clinical Research

- ✓ Surgical Models
- ✓ Anti-diabetic
- ✓ Anti-cancer
- ✓ Anti-obesity
- ✓ Anti-oxidant
- ✓ Immunological & anti-inflammatory
- ✓ Neuroprotective
- ✓ Cardio/ Nephroprotective
- ✓ Hepatoprotective
- ✓ Drug-interaction

Toxicological Research

- ✓ Acute, sub-acute & Chronic toxicity studies
- ✓ Genotoxicity
- ✓ Cytotoxicity
- ✓ Organ-specific toxicity
- ✓ Systemic toxicity
- ✓ Poisoning
- ✓ Reproductive toxicity
- ✓ Allergy research
- ✓ Infections & infestations

Drug Discovery

- ✓ Combinatorial chemistry
- ✓ Microwave assisted synthesis
- ✓ Conventional synthesis
- ✓ Bioinformatics – Molecular docking
- ✓ Computer-aided drug designing
- ✓ Physico-chemical analyses

Herbal Research

- ✓ Plant drug extraction
- ✓ Bioassay guided fractionation
- ✓ Phytochemical analysis
- ✓ Isolation & characterization of phytoconstituents
- ✓ HPLC & HPTLC fingerprinting
- ✓ Microscopic studies - T.S./L.S. of plant parts

In-vitro & Bio-molecular Research

- ✓ *In-vitro* skin irritation studies
- ✓ Anti-viral (96-well plate)
- ✓ Anti-microbial
- ✓ Anti-cancer
- ✓ High-throughput screening
- ✓ Cytotoxicity testing
- ✓ Psoriatic/ other skin testing
- ✓ DNA microarray
- ✓ Western blotting
- ✓ Immuno-fluorescence
- ✓ ELISA
- ✓ SDS-PAGE
- ✓ RT-PCR
- ✓ COMET assay

Have trouble in developing your schema and protocols?

Most researchers are getting annoyed due to the multiple research methodologies available across the journals and the doctoral theses in your department.

Stop struggling with inaccurate and multiple protocols/ models. CogniBrain is there to wipe-out your worries in designing research protocols and conduction of results driven laboratory researches.

Formulation Research

- ✓ Product development for NCEs and polyherbals
- ✓ Disintegration & dissolution studies
- ✓ Stability testing
- ✓ Formulation optimization
- ✓ Pre/post formulation studies
- ✓ Nanoformulations & evaluation
- ✓ Complete evaluations

Bio-analytical Research

- ✓ Pharmaco-kinetic analysis
- ✓ Qualitative & quantitative HPLC
- ✓ Densitometry
- ✓ Spectral analysis & interpretation – H1/C13 NMR, MASS, FT-IR, LC-MS, GC-MS, TGA, SEM, TEM, XRA. DSC.
- ✓ Elemental analysis & characterization

Miscellaneous Research

- ✓ Skin irritation testing
- ✓ Anti-ageing
- ✓ Anti-psoriatic/ anti-acne
- ✓ Anti-dandruff
- ✓ Pyrogen testing
- ✓ Sterility testing
- ✓ Anti-microbial screening
- ✓ AMES test
- ✓ Micronucleus assay
- ✓ Cell count & assay
and many more...

Here is a partial list of our copious research scholars and institutional researchers from various universities and educational institutions:

- Dr.NTR University of Health Sciences
- Lovely Professional University
- Rajiv Gandhi University
- Uttarkhand Technical University
- Bharati Vidyapeeth Deemed University
- The TN Dr.MGR Medical University
- Karpagam University
- Andhra University
- Gujarat University
- Mamata Medical College
- P.W. College of Pharmacy
- Alleppey Medical College
- BLDEA's College of Pharmacy
- Amrita School of Pharmacy
- T.M.Medical College

Happy Clients

End-to-end Support

CogniBrain is an eminent healthcare services company living to deliver first-rate medical/ pharmaceutical/ scientific research support for the researchers and research organizations across India.

We have more than 5 years of professional research support experience as a company with scientists of more than two decades of national and international research experience.

Needless to say! I was about to quit my Ph.D on “Indian Herbs: Impact on Physiology, Pathophysiology and Pharmacology in Normal and Type II diabetic models” due to lack of proper lab facility and time, as I was a part-time researcher.

Many thanks to CogniBrain for aiding me develop my career. Now, I’ve won my doctorate. Yes!!!

- Dr. Ajay Krishna, Bharati Vidyapeeth Deemed University, Pune, India.
